This website is run by GKSD ProCure. We want as many people as possible to be able to use this website.

Feedback and contact information

We're always looking to improve the accessibility of this website. If you find any problems please contact us:

- email accessibility@gksdholding.com

We'll consider your request and get back to you in 30 days.

Technical information about this website's accessibility

We are committed to making our website accessible, in accordance also with the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018.

Compliance status

This website is **partially compliant** with the [EN 301 549](#) "Accessibility requirements for ICT products and services", the European Standard and [Web Content Accessibility Guidelines version 2.1](#) AA standard.

Non-compliance with the accessibility regulations

- C.9.1.1.1 - Some non-textual content presented to you do not have an equivalent textual alternative that serves the same purpose;
- C.9.1.2.2 - Some pre-recorded audio content is free of synchronized subtitles;
- C.9.1.2.3 - For some pre-recorded multimedia, an alternative or audio description is not provided;
- C.9.1.3.1 - In some cases, information, structure or correlations conveyed by the presentation of pages cannot be determined programmatically (or are not available through text);
- C.9.1.4.1 - In some cases, color alone has been used to identify a purpose or distinguish an information or function;
- C.9.1.4.3 - Where not allowed, visual representation of text and images containing text does not always have the

minimum contrast ratio required ***;

- C.9.1.4.4 - Some texts, except for subtitles and images containing text, cannot be resized up to 200 percent without using assistive technologies and without losing content and functionality;
- C.9.1.4.5 - In some cases text images have been used instead of text only and are neither customizable nor essential to the types of information conveyed;
- C.9.1.4.11 - For some essential components, even in different states, the color contrast compared to adjacent elements does not exceed the ratio of 3:1;
- C.9.1.4.12 - Changing the spacing of texts relating to the height of the lines, spaces between paragraphs, letters or words, there are certain losses of information or content;
- C.9.1.4.13 - In some cases, when mouse pointer (hover) passing or keyboard focus make content visible and hidden, there is no mechanism available to hide additional content without moving the mouse pointer or keyboard focus, the pointer cannot be moved to additional content without disappearing or additional content remains visible until the hover or focus event is removed, the user deletes it or his information is no longer valid except for some exceptions;
- C.9.2.1.1 - Some features cannot be activated by keyboard (or similar input interface);
- C.9.2.2.2 - Some animations, flashing, sliding or self-updates of information started automatically, with a duration of more than five seconds or presented in parallel with other content, there are no mechanisms to stop or hide them;
- C.9.2.4.1 - There is no mechanism to skip content blocks that repeat on multiple web pages;
- C.9.2.4.3 - In some web pages that can be browsed sequentially and in which the navigation sequence affects their meaning and functioning, some objects that may receive the focus do not receive it with an order that preserves the meaning and operation of it;
- C.9.2.4.4 - The purpose of certain links cannot be determined by the link text or by the link text together with adjacent content;
- C.9.2.4.7 - On some interactive elements the focus indicator is not visible;
- C.9.4.1.2 - In some cases, user interface components (including: module elements, script-generated links and components), name, role, state, property and values are incorrect or set, or the user a.t are not warned when these attributes change;
